### GOMPERS' PLAN, OUTLINED BEFORE INDUSTRIAL MEETING, PROPOSES RETURN OF STRIKERS TO PLANTS

Industrial Peace For Three Months Is Also Urged

Permanent Arbitration Board Is Suggested By McNab

[By Associated Press to The Banner] WASHINGTON, Oct. 9.—An immediate industrial truce, to continue three months, creation of an arbitration board by the president and congress, and immediate arbitration of the nation-wide steel strike were among proposals made today to the industrial conference here. The first two were presented by representatives of the public and the last by the labor group.

Chairman Baruch of the public group, made the proposal for the industrial truce, while Samuel Gompers, president of the American Federation of Labor and chairman of the labor group, proposed arbitration for the steel strike. Mr. Gompers' plan contemplates immediate return of steel strikers to work, pending the outcome of efforts to arbitrate the dispute.

Gavin McNabb of San Francisco proposed a permanent arbitration board. His resolution, which had the approval of the public group, provided that all living ex-presidents be members.

Mr. Gompers' board for arbitration of the steel strike would be composed of six members, two to be appointed by each of the three groups in the conference—capital, labor and the public.

Mr. Gompers also presented a resolution embodying 11 fundamental principles which he emphasized had the unanimous approval of the labor group, including the representatives of four railroad brotherhoods.

After being in session an hour and a half, the conference adjourned until this afternoon. Meanwhile the committee of 15 will consider the resolutions submitted.
